March

1st 2nd or 3rd
8th 9th or 10th

The pandemic has changed the way we will operate. For now, we will plan on having "in person" classes. Everyone will have to wear a mask and socially distance within the classroom. At any point in person classes may be cancelled. At which time we will go to a virtual format. Which program we will use has yet to be determined. We are working hard to update content and prepare for all scenarios in order to meet your knowledge requirement and ensure your safety.
